Dear All,

St. Xavier’s College, XRCVC -Viviana extension is happy to announce an online workshop on the theme “Using G-mail In Standard View” under its Tech Roshni series – A step at bridging the digital divide for blind and low vision persons. This Workshop is supported by the SBI Foundation - Centre of Excellence (COE).

Extensive use of Android phones and G-mail has become an integral part of today’s life style. Many screen reader users are using basic html view while using G-mail, on computer due to simple web base interface Standard View provides an interface similar to that of other Google Workspace programs, and can be functional using keyboard commands stated by Google. It also offers access to the entire range of Gmail features, while Basic HTML View is having limitation.

In upcoming workshop, we will learn some basic features of G-mail in standard view with open-source screen reader NVDA

**Eligibility:** participants should have good knowledge of Internet browsing, Fundamentals of G-mail, typing and screen reader.

Limited seats are available for the session.

Those interested should kindly register by using the link appended below.

https://forms.gle/VjMhP7Dpw77KpAYcA
