Dear Friends,

**XRCVC** is happy to announce an online workshop on the theme “**Find your way around Windows 10 with Screen Reader - Level 1**”

As you are aware, Microsoft launched Windows 10 in 2015, and this operating system is expected to rule the computer world for the next few years.

During this workshop we will discuss the new aspects of this operating software with some practical demonstrations using a screen reader.

Key themes would include features of narrator, the look of the start menu, Windows Explorer and Cortana.

Limited seats are available for the session.

**Those interested should kindly register by using the link appended below.**
