

# Antarchakshu®2.0 – The Eye Within (Season 3, Online - Adapted for Covid) Experience the Unexplored world Working towards broadening awareness for an Inclusive World

Antarchakshu®2.0 — The Eye Within, conceptualised by the XRCVC, is a simulation workshop aimed at creating a sneak preview for the sighted into the world of the visually challenged. Keeping in mind, the extraordinary situation thrown up by the Covid pandemic, we have adapted the sit-down workshop model of Antarchakshu® so as to make it available through the online platform to specific target groups located anywhere across the country, and perhaps, even the world.

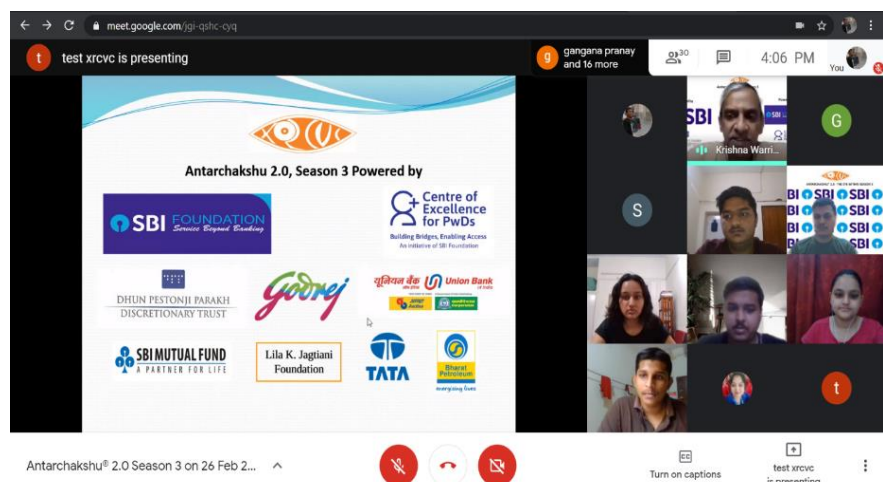

Season 3 of Antarchakshu 2.0, launched on 16<sup>th</sup> December 2020, was supported by State Bank of India (SBI) as the Platinum sponsor. The other sponsors were SBI Foundation (COE), Dhun Pestonji Parakh Discretionary Trust, Godrej Industries Limited, Union Bank of India, SBI Mutual Fund, Lila K. Jagtiani Foundation, Tata Sons Private Limited, and BPCL. We also thank to Great Eastern CSR Foundation (GECSRF) for supporting our various projects.

1

Jagtiani Foundation, Tata Sons Private Limited, and BPCL. We also thank to Great Eastern CSR Foundation (GECSRF) for supporting our various projects.

In all 65 workshops were conducted reaching out to 2121 participants, with the concluding one held on 13-3-2021.

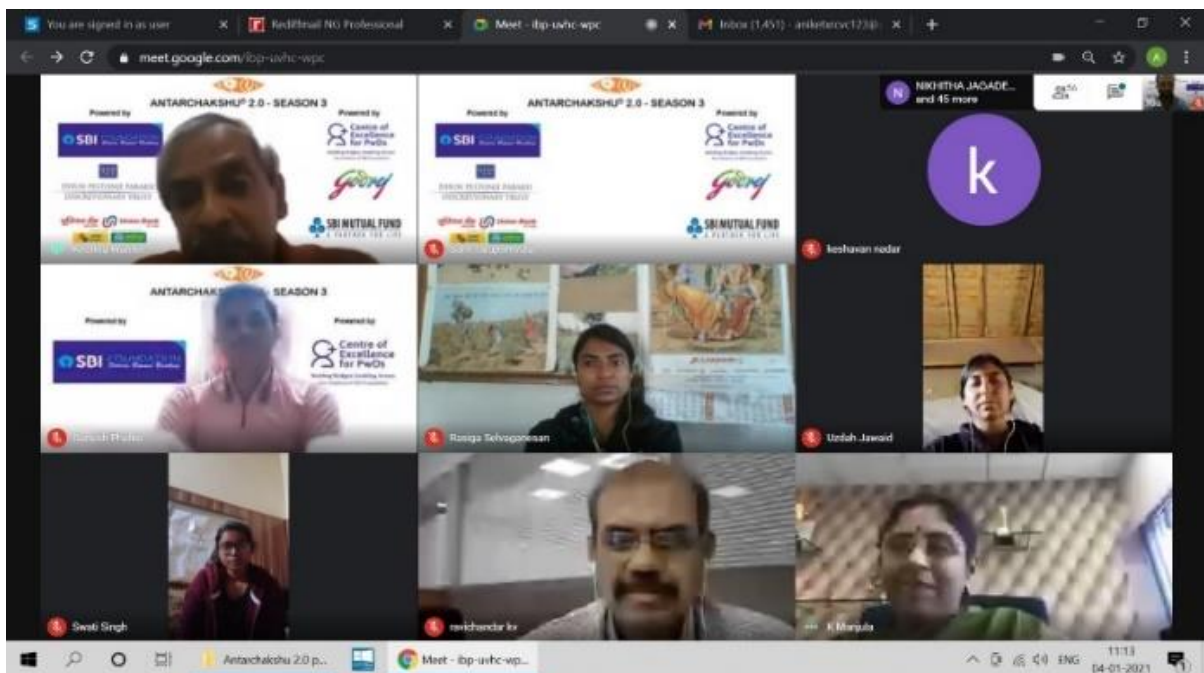

The wide spectrum of groups targeted during Season 3 of Antarchakshu®2.0 from degree level students to those learning diverse skills as also working professionals and corporate employee. The primary message of all workshops was on diversity and inclusion).

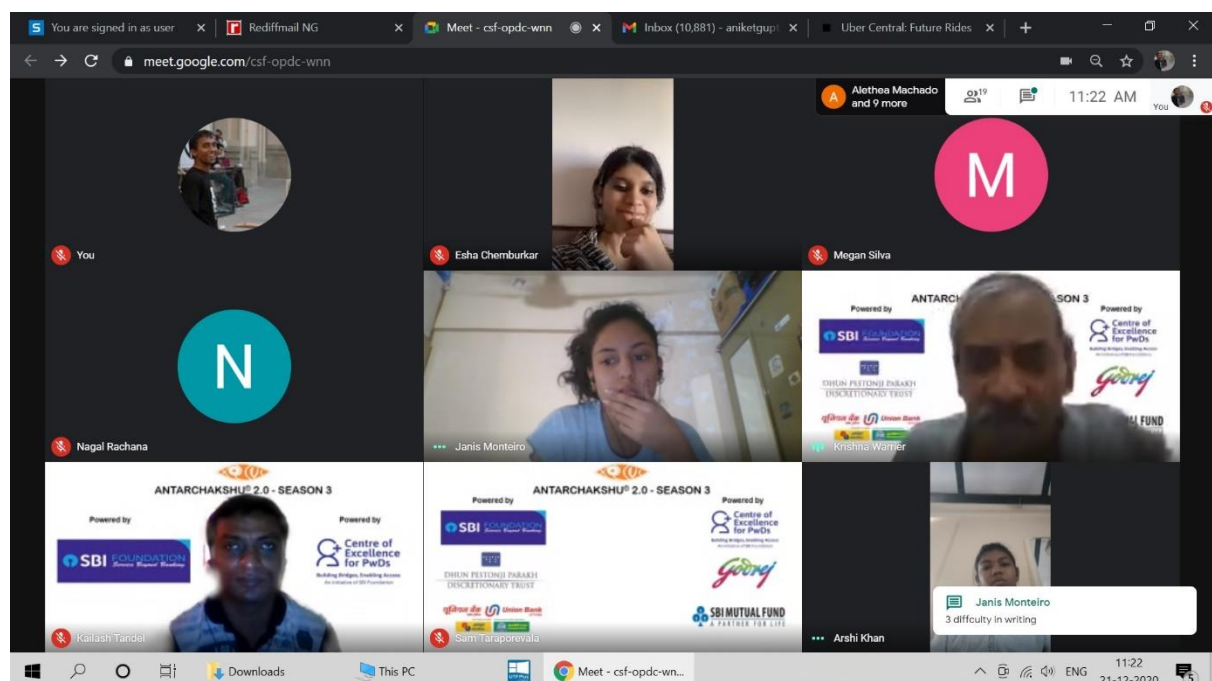

The key approach during the workshop was to create a simulated experiential environment of blindness wherein participants had to undertake various activities. This experience formed the basis of further reflection and discussion around the focus areas.

Participants, through experiencing a disability simulation, learned to reflect on personal attitudes towards people with disability in general and blindness in particular.

This simulation was then followed by an interactive session. The objective of the module was to equip its participants with insight, understanding and basic facts about the lives of the visually impaired, the 'How?' of their lives as also to foster an insight in developing their own personal perspective on the issue.

Appended below is the feedback received from some of the participants:

Sr. No	Date	Name	Organisation / Institutions	Comment from participants
1	16-12-2020	Ashton Sequera	St. Andrews College - FYBA B Batch 1)	The session was very eye opening. It helped me understand the life of a blind person, the difficulties and the problems faced by them on a daily basis and put us in their shoes through various activities. The speakers were very well versed with their topics and the testimony was very touching.
2	16-12-2020	Divya Deb	St. Andrews College - FYBA B Batch 1)	I liked that how Kailash hasn't limited himself to doing basic things but has gone and achieved the things that he wanted to... He gives me a sense of courage and hope!
3	19-12-2020	Jaie Panchal	St. Andrews College - FYBA B Batch 2)	I enjoyed the blind fold test because there was so much to learn. I even like how kailash sir and krishna sir was interacting with us helping us clearing our doubts totally amazing it. Thank you for having us.
4	19-12-2020	Emmanuel Crasto	St. Andrews College - FYBA B Batch 2)	I enjoyed the activities because it actually taught us how It feels to be visually impaired. And how life is for those people who are visually impaired .and how they are able to do the same activities that we can do. Only their methods are different. But getting to know their methods. I have never paid so much attention on it earlier. but it made me aware today after today's workshop.
5	21-12-2020	Nagal Rachana	St. Andrews College - FYBA B Batch 3)	Everything was good.... Learned new things.... Got New Perspective to look at life in positive manner.
6	21-12-2020	Megan Silva	St. Andrews College - FYBA B Batch 3)	It shows great awareness about visually impaired people.
7	11-1-2021	Fauziya	FYJC class from Nirmala Niketan college - Home Science - Part 1	Yes the interview of Mr. Ganesh Phalke was really good and motivational 🙌 it was so much inspiring that without eyes the people can be happy 😊 anniversary a happy life ..... ❤️ ☐

8	11-1-2021	Charmi Hitesh Kubadia	FYJC class from Nirmala Niketan college - Home Science - Part 1	<p>Antarchakshu session was wonderful session of my life. I learnt many things from this session, like how blind and other handicapped people use their beautiful life to enjoy every little thing. It was not just an opening eye session but helpful too. It just changed my perspective of seeing world. Very important thing is never to judge anyone according to their condition.</p> <p>I think if we get a day in life, we should try to enjoy a day or quality hour with our family by living others life and try to take their pain for a while. And all try to live for an hour with other sensory organs too. We should always keep one thing in our mind is that, if we can't take someone pain, we should not try to give them more pain by troubling them or by making their jokes. Because we don't know what life will play with us the next moment. Not everyone can beauty in everything, so we should not be that everyone. We should try to see beauty in every little thing and enjoy our life to the fullest... Thank you.</p>
9	12-1-2021	Mariya Morbiwala	FYJC class from Nirmala Niketan college - Home Science - Part 2	The session conducted today was really amazing. I got to know many new things. The organizers were really kind, interactive. Thank you
10	12-1-2021	Maryam Mustafa Asif	FYJC class from Nirmala Niketan college - Home Science - Part 2	It was an amazing awareness workshop....it helped me to know more about blind peoples.....how they do their daily chores and etc .....and what they feel about being blind ..... i hope we all could get more such workshops ...thank you
11	13-1-2021	Vrushmi Harshad Savla	FYJC class from Nirmala Niketan college - Part 3	The experience of being blind for some time was thrilling. Thought something different and new.
12	13-1-2021	Urmi Bhanushali	FYJC class from Nirmala Niketan college - Part 3	It was a lovely session and very much informative. Enjoyed the session and learned many new things. Hoping for such lovely workshops in future as well.

13	14-1-2021	Risalat Bano khan	B.Ed. Students from Somaiya college - Group 1	It was really informative for me as a upcoming teacher. It has also changed my vision and thoughts about visually impaired persons
14	14-1-2021	Janice D'souza	B.Ed. Students from Somaiya college - Group 1	The session was really good. I was inspired from Kailash Sir and learnt some tips on how to include the blind children in the school and conduct the class. Krishna Sir's enthusiasm and sense of humour is really appreciated. The session was interactive and the activities were also great.
15	15-1-2021	Priya Pandey	B.Ed. Students from Somaiya college - Group 1	it was a wonderful session. We enjoyed and understood and also have felt importance of our lives. I m grateful and happy for what I have.
16	16-1-2021	Valencia Adolf Dlima	M.Ed. FY and Pg. Dem Students from Somaiya college	I got insight through the session of how it feels being visually impaired. though it was just 10minutes, and we had the resources needed around us, it was difficult. Thankyou for actually putting us in the shoes of a visually impaired person and explaining it. Would love to attend more sessions as such. Would also love to know more about how to teach visually impaired students in the classroom.
17	16-1-2021	Vruthali N Sathe	M.Ed. FY and Pg. Dem Students from Somaiya college	Yes I loved the session. The activities with blindfold was a new experience. This activity made me realize that I will not stop though any huddles come in my life. If one sense is not working I can use other senses but never quit. While doing this activity it is clear that if we focuss on any task we can achieve that. Also Krishna Sir you explained us very well. Interaction with Kalpana Mam and Kailash Sir was motivating for us.
18	21-1-2021	Manika Sambhor	Techmahindra Foundation - Smart Centre Groups TMF Delhi	I really liked the session. It was very practical and relevant for us. I enjoyed all the activities which we did during the session and also learnt many new things. It was an amazing experience for me.

19	21-1-2021	Ritu Sharma	Techmahindra Foundation - Smart Centre Groups TMF Delhi	This session was very interactive and i enjoyed alot. I am looking forward for more sessions like this with my candidates also.
20	21-1-2021	Saily Richard Lopes	FD (Fashion Designing) Department from Nirmala Niketan	It was a lovely session and I personally enjoyed the entire informative experience. The fact that we did the activities really had me feeling about the difficulties someone with a limited/no vision would have to face, but as Ganesh sir said that we all have to keep trying , and we will. I really wanted to tell you that this session was so good that I didn't even check the time or my phone once, and that is a great thing. You had us interested all the way through, and the way Krishna Sir called out many of us by our names and asked us about our experiences and questions it really made us feel included. Thank you for having us, keep up the good work :)
21	21-1-2021	Shivani manoj jangid	FD (Fashion Designing) Department from Nirmala Niketan	"I really enjoyed the session i think it raised a lot of awareness and was very educational for me and i would definately try getting along with the organization and volunteer to help raise more awareness as well as meet these amazing people that have overcome such obstacles that we were struggling with during the session and how much we take it for granted and it is really has shown me to be more thankful for what we been blessed with and be grateful for it. Thanks :)"
22	21-1-2021	Zainab Asamdi	FD (Fashion Designing) Department from Nirmala Niketan	The sentence "Stop Crying Start Trying" was just impressive. And inspired me that never to stop in any conditions. Thanks for so good session sir. 😊😊
23	11-2-2021	ASMITA ANKUSH KAMBLE	AC Patil college of engineering	I enjoyed the activities what we performed. Also, it gave us idea that we can make innovative thing for them in future..

24	11-2-2021	Hrishikesh Tonge	AC Patil college of engineering	Will try to bridge the gap between a specially abled person and a normal person through the use of technology as we are part of it. Very interesting way to put everything.
25	11-2-2021	Shiv Patel	AC Patil college of engineering	Though i didnt fully participated in this session. but it was really good. very informative about the whole situation which normal people easily neglect this.
26	11-2-2021	Smita Rajendra Chunamari	AC Patil college of engineering	It was eye opener n elaborated how the disabled person do manage the day to day life
27	12-2-2021	Anthony Joseph Jadhav	Techmahindra Foundation – Smart Centre - Pune	Today I have learnt new things like be a strong in every situation , and also I have entered in blind world for few min
28	12-2-2021	Priya Kulkarni	Techmahindra Foundation – Smart Centre - Pune	it was an amazing session. I think this could be series of sessions to get more awareness abut dealing with inclusive society. The people who are working with PWD they need more such sessions.
29	12-2-2021	Prajakta Daware	TechnoServe students	I really got to know about the blindly disabled persons, which I never thought to ask them. Also I learnt that we should not giveup.
30	13-2-2021	Prabhav Garg	Jindal University	I really enjoyed the activities we were made to do, it was a very enriching experience. Getting first hand experience and conversation with a person with disability made me learn a lot.
31	13-2-2021	Aishwarya	Jindal University	It was a very enriching experience, as communicating with the visually impaired in real was knowing their experience in personal context I am grateful to being attending this workshop
32	13-2-2021	Apoorva Pushkarna	Jindal University	I enjoyed it a lot! It was very informative. However, just the part where we are given the time to reflect, I would really love it if you could guide the reflection as well to direct some people towards the direction of something called a "correct path of realization". Just to bring out the meaning more of the exercise. To bring uniformity of a base thought. Rest it was lovely to take part in this workshop.

33	13-2-2021	Yesha	Ambedkar University (AUD) BVoc students Batch 3	I think the session was great. I gained a lot of insight regarding disabilities and the people who face them.
34	15-2-2021	Astha Sethi	Ambedkar University (AUD) BVoc students Batch 4	I loved the activity Mr. Krishna Warriar conducted. It surely made me more aware. And a big thankyou to Mr. Ganesh for giving me some imp information regarding visually impaired people, Thankyou.
35	16-2-2022	Daniel Pereira	St. Xavier's College FYBSc IT	I learned that we are very ignorant in our daily lives and we have a lot to learn about others and awareness
36	16-2-2022	Pranav Ashok Kafare	St. Xavier's College FYBSc IT	I learnt alot different things from this session. The things that I never imagined, I gotta learn through Ganesh sir's journey. Thanks a ton for this XRCVC !
37	16-2-2022	Rochelle Fernandes	St. Xavier's College FYBSc IT	It was a really good session for us students as xaviers is an inclusive college and when college restarts we can know and act well with all friends of our college.
38	16-2-2022	Vrinda Chandra	St. Xavier's College FYBSc IT	The activities were a new experience blindfolded and many new insights into others' life were shared, which were very informative and entertaining. I actually wish this was done more often to show that people can lead very similar lives despite being differently abled :)
39	16-2-2022	Harshita Poonia	St. Xavier's College FYBMM	Primary lesson that I learnt is "do not help unless asked for, else you might harm the special person as well"
40	16-2-2022	Sana Bansal	St. Xavier's College FYBMM	The session was extremely informative and I learnt many new things, such as the importance of not making assumptions etc.
41	23-2-2021	Atharva Sandeep Salunkhe	Dyanamudra Vidyalaya	The things which are not in our life we should ignore it. And the things which are there in our life can make our life beautiful.

42	25-2-2021	Arun Thomas	St. Xaviers College, FYBMS	i really enjoyed the activities that we did in our workshop that has bring out a lot of realisation in my life. the last section with q and a was so informative about the technological innovations which 3helps the specially abled their life much easier.
43	25-2-2021	Kevin Saju	St. Xaviers College, FYBMS	I enjoyed the real-life experiences of Mr. Ganesh Phalke. It was eye-opening to hear him elucidate on what he had gone through. I have certainly gained a profound new level of empathy for those who are differently-abled and it's all thanks to this session.
44	25-2-2021	Rhea Dias	St. Xaviers College, FYBMS	Absolutely amazing session, it was mind opening! It not only educated me about the various hardships and obstacles faced by the visually-impaired but also helped me understand how i could help a disabled person in the best possible way! The session was very interactive and interesting!
45	26-2-2021	Manas Agrawal	Christ University Bangalore	It was a wonderful experience because it gave me a first hand experience as well as a live interaction that made me realize and connect
46	26-2-2021	Daniel Barretto	St. Xavier's College, Msc IT	The session was quite eye-opening. In short I would say the most important thing i learnt was to never give up and to be mindful and aware of the people around us.
47	26-2-2021	Piyush Agarwal	St. Xavier's College, Msc IT	Such sessions always encourage students like us, and at the same time inspire us to how to go forward with the life.
48	26-2-2021	Praveena Menon	St. Xavier's College, Msc IT	it was quite informative. A lot of myths have been busted. I didnt know how challenged people deal with everyday stuff. Thanks for the session.

49	26-2-2021	Tushita Rana	Christ University Bangalore	The session was extremely interactive. I absolutely loved the way the entire presentation was carried out. I believe the best part was conducting the activities and using ppts for only imparting essential information. I believe that these activities helped sensitize general masses. Thank you!
50	27-2-2021	Shantanu Sonkusare	Ambedkar University (AUD) BVoc students Batch 3	It was a quite knowledgeable session, we had a great realization that we should never give up and keep up any how because if the persons with disabilities can go through such situation then we, who have everything, every resource then we must go for it. Thank u sir for such a informative session.
51	28-2-2021	Radhika Ganesh Potraj	Technoserve students	I am happy that I got to know about the blind people hoe they manage there life n for that thankyou for sharing this topic to us.
52	28-2-2021	Yogeshwari Digambar Patil	Technoserve students	Loved the session and how disabled people face and handle the challenges in day to day life, very informative and awakening session
53	1-3-2021	Borde Lalit Chandrakant	AC Patil college Electronics	Informative session and made us realise and understand the difficulties faced by the visually challenged people and how as engineers we could help in making their life a bit easier through technology.
54	1-3-2021	SHIRKE SAILI SANJAY	AC Patil college Electronics	It was a really nice interactive session to raise awareness i really appreciate it thank you very much
55	23-2-2021	Atharva Sandeep Salunkhe	Dyanamudra Vidyalaya, Badlapur	The things which are not in our life we should ignore it. And the things which are there in our life can make our life beautiful.
56	2-3-2021	Sayali Mahendra Kadam	Technoserve students	I enjoy whole session as well as I learn how to face any situation with never give up attitude
57	2-3-2021	Janet Palanna	Technoserve students	I really like the way Ganesh explained his life. The way he explain about helping other disable person was something which everyone should know. And the activities was really fun.

58	4-3-2021	Gargi Palaskar	St. Xavier's College, FYBA Div - A	it was very insightful, the activities made it even more interesting
59	4-3-2021	Urvi More	St. Xavier's College, FYBA Div - A	I learnt that able bodied people just tend to assume that to communicate with specially abled people they have to do very complicated tasks or go out of their way to communicate but we tend to forget that there are very ways and jugaads to communicate and its not that difficult
60	4-3-2021	Saloni Sankpal	St. Xavier's College, FYBA Div - A	I learnt how our awareness of the situations could go wrong due to assumptions. So, I enjoyed learning this part about the session.
61	4-3-2021	Aman Kayal	St. Xavier's College, FYBA Div - A	Amazing session! got to know a lot about how differently abled students are and its important to respect whatever we have and not crib over things we don't
62	4-3-2021	Dealla Pereira	St. Xavier's College, FYBA Div - A	The best thing that I'm taking from this session will be- We all have two options no matter how tough your problem is, you can either CRY or TRY. The choice is yours.
63	4-3-2021	Debashree Kesharwala	St. Xavier's College, FYBA Div - C	Since college has been online, there have been various sessions online that we have had to attend. This has been the best one personally for me. It was so engaging, i couldn't get myself to stop listening. It was so real and gave us some great realisations. I'm very grateful for this session!
64	4-3-2021	Diya Lilani	St. Xavier's College, FYBA Div - C	I realized how tough it is for the visually challenged person to carry out even daily activities. Through the workshop, I learnt how we can help them not by sympathy but by empathy and respect their space.
65	4-3-2021	aarushi jhavar	St. Xavier's College, FYBA Div - C	it was very informative and I'm thankful to have got this opportunity to attend this workshop and benefit from it.
66	5-3-2021	Nisha babulal Chaudhary	Technoserve students	The session was so good super informative and activities are very unique and helpful

67	6-3-2021	Ankit Samson	SBI Foundation - for Gram Seva Officials	It was an amazing experience. It really made realize how tough life is for the PWD's. Will be very useful for my future, will be able to connect more with PWD's.
68	6-3-2021	Rincy Kuriakose	St. Xaviers College, FYBA Div - C	It was a really great session, change of perspective. Overall a very interactive and inspiring session.
69	7-3-2021	Shristy Bhagwan Prasad	Technoserve students	It is a very interactive session and I enjoyed very much in this session and it is very helpful
70	8-3-2021	Sarah Chriscyl Fernandes	St. Xavier's College - SYBA - Anthro class	I really loved the workshop - it is tough to normally gain knowledge about the SWD community but I think the workshop did an excellent job at that
71	8-3-2021	Prasad Chavan	St. Xavier's College - SYBA - Anthro class	The session gave me an insight about how to deal and behave with people with disabilities. I had attended a workshop held by XRCVC about accessibility and that really helped me as well.
72	8-3-2021	Yashvardhan Agrawal	St. Xavier's College - SYBA - Anthro class	It was honestly a great session on trying to understand the perspective of disabled individuals as well as our own "assumptions" about them. However, since I haven't attended any similar lectures, I don't know how it can be improved further. It was great as it it though.
73	9-3-2021	Harshali Shinde	St. Xavier's College - TYBA	I appreciate it overall because it made me sensitive to the problems faced by the visually challenged while actually experiencing them
74	9-3-2021	Diya Maria Prabhu	St. Xavier's College - TYBA	Loved all the blindfold activities, it really made me reflect. however, including activities pertaining to other disabilities would also be very helpful.
75	9-3-2021	Nandini Shukl	St. Xavier's College - TYBA	I enjoyed the activities a lot. I'd love to know more about accessible and proper language, when it comes to addressing and interacting with people with disabilities.

76	9-3-2021	Mannat Kaur Atwal	St. Xavier's College - TYBA	It was an eye-opening session. I was made aware of several things and aspects that I took for granted. Something that I'll always remember is- Cry or Try. A really great life lesson. And the two questions- do you need any help? and how can I help?
77	9-3-2021	Alisha John	St. Xavier's College - TYBA	I think it was a lot of fun to try out these different activities and especially having to pick money out of the wallet and identify the note. That's something I don't know how a visually challenged person identifies. That made me realize how perceptive someone really has to be. I also loved listening to Ganesh, he had 2 options to "cry or try?". That really struck me and I hope to ask myself this question when I'm faced with a challenge. It put things into perspective for me and made me aware of my privilege.
78	12-3-2021	Lavanya Tadavarti	Patil College - First Year	The way this session let us know how to behave with the disabled and to understand them is pretty well and concept really influences the youth . Thank you
79	12-3-2021	Harsh Anand Sinha	Patil College - First Year	it was helpful to us and we will try develop a new thing or website for such type of people
80	12-3-2021	Kadam Rohit Pankaj	Patil College - First Year	There were quite fun activities carried out in the session and they all did a excellent job of demonstrating the main motto behind it, really enjoyed the session as the interaction was also amazing!
81	13-3-2021	Shannon Fernandes	St. Xavier's College - SYBA	I think its a great session in itself, as it began with a phenomenological perspective, making me do tasks as 'not me', but through the shoes of someone who is visually impaired. The sharing was also nice.
82	13-3-2021	Vidita Save	St. Xavier's College - SYBA	Every activity, everything that was imparted made me reflect and think in ways I never have. Can't thank XRCVC enough for this.

83	13-3-2021	Sharanya Manoharan	St. Xavier's College - SYBA	I really enjoyed the activities that were conducted during the workshop, in the second half of the workshop about hearing impairment, although i can speak well with the help of my cochlear implant, i was able to relate to the story of wanting others to write down notes, that is usually what i expect from others during emergencies when my implants batteries go off.
