

Dear All,

St. Xavier's College, XRCVC -Lake Shore Extension is happy to announce an online workshop on the theme "**Exploring LIC Digital App with Screen Reader**" under its Tech Roshni series – A step at bridging the digital divide for blind and low vision persons.

- Do you find it challenging to manage your LIC policies offline?
- Are you still relying on your LIC agent for premium payments and other policy-related support?
- Wouldn't it be empowering to handle all these tasks independently through the LIC Digital app?

XRCVC is happy to conduct the Tech Roshni awareness workshop on "Exploring LIC Digital App with Screen Reader."

The LIC Digital app is the official mobile application of the Life Insurance Corporation of India (LIC), designed to provide policyholders with convenient access to insurance services, premium payments, and policy details directly from their smartphones. Through this app, users can manage their LIC policies, make premium payments, apply for loans, track claims, and access a wide range of policy-related services—all in one place.

In this one-hour workshop, we will introduce participants to the app's features with a special focus on accessibility. The session will demonstrate how to navigate and perform key tasks using a screen reader, ensuring that the app can be used effectively by all policyholders, including those with visual impairments.

Interested individuals should register for the workshop on or before Thursday, 9 Apr 2026 by 6:00 PM IST using the link appended below.

<https://forms.gle/nBDLExoqWN4Hc9Yv8>

Workshop date and time: Saturday, 11 Apr 2026 - 4:30 PM India

Resource person: Tejas Karanje and Keshavan Nadar

Eligibility criteria: The participant should be a person with Print-disability

Please note the registered participants will receive the joining link on Friday, 10 Apr 2026. Hurry up and reserve your spot for this informative workshop and make your LIC transactions accessible and pleasant!

Thanks,

Best Regards
