

Dear All,

St. Xavier's College, XRCVC - Lake Shore Extension is happy to announce an online workshop on the theme "**Using Telegram with TalkBack**" under its Tech Roshni series – A step at bridging the digital divide for blind and low vision persons.

- Are you facing challenges while navigating messaging apps with your screen reader?
- Do you know Telegram Messenger? Are you wish to use as your instant chat messenger but you don't know how to do with Talkback?

We have the perfect solution for you! XRCVC is happy to conduct an online workshop on "Using Telegram with TalkBack."

Telegram is a free, cloud-based messaging platform widely used for communication, study groups, and communities. With TalkBack, blind and low vision users can access Telegram's features more independently. This workshop will provide participants with an introduction to Telegram and demonstrate step-by-step how to use it effectively with TalkBack for messaging, joining groups, and managing accessibility settings.

Interested participants should register using the link below on or before Thursday, 9 Jul 2026 by 11:59 PM.
