Dear Friends

St. Xavier's College, XRCVC-Viviana Extension is happy to announce a unique online workshop in the general accessibility series on the theme **"Introduction to General Accessibility"**, under its Tech Roshni initiative – a step toward bridging the digital divide for blind and low vision persons.

- Do you know what does "Accessibility" mean?
- How does the term "Usability" defer from the term "Accessibility"?

It is very important to find out the answers for the above questions. Many of the content creators, software/website developers, architects fail to incorporate the Accessibility in the first place. To throw some more light on the general accessibility, XRCVC is going to conduct the Tech Roshni awareness workshop on Saturday, August 02, 2025 at 4:30 PM IST.

Under this one-hour workshop, we will learn about the basic difference between the Usability and the Accessibility concept. Also, we will learn about the basic accessibility guidelines. If you want to be a part of this amazing and informative workshop, then hurry up and register yourself for this workshop using the below link on/before Thursday, July 31, 2025 11:59 PM.

https://forms.gle/AaG9UKAc3jtm53naA

The registered participants will receive the joining link on Friday, August 01, 2025.

Let's join together to make this digital world more accessible!

Resource persons: Tejas Karanje and Keshavan Nadar.

Criteria: Participant should be a person with print disability.

Thanks,

Team XRCVC,
