Dear All,

St. Xavier's College, XRCVC -Lake Shore extension is happy to announce One-day hybrid training Workshop on "**Microsoft Copilot with NVDA**".

Microsoft Copilot, an AI assistant, enhances productivity and accessibility for users, especially benefiting blind users. It seamlessly integrates with screen readers and voice command tools, providing auditory feedback for tasks.

Copilot assists in navigating applications, improving accessibility by reading out content, and aiding in drafting emails and documents through voice transcription. Overall, Copilot empowers blind users by making technology more accessible and user-friendly.

In the upcoming training, we will learn this exclusive tool with NVDA screen reader.

Eligibility: participants should have a good knowledge of screen reader, cursor movements, Keyboard, basics of Windows, and internet browsing.

Limited seats are available for the session. Those interested should kindly register by using the link appended below.
