

Dear all,

St. Xavier's College, XRCVC - Lake Shore extension is happy to announce an online workshop on the theme **"Mastering Google Forms with NVDA"** under its Tech Roshni series – *A step at bridging the digital divide for blind and low vision persons.*

- Do you find the process of collecting data challenging when working on academic or professional projects?
- After conducting a survey, do you face difficulties in organizing and managing the responses?
- Are you unable to use Google Forms effectively because of challenges in navigating it with the NVDA Screen Reader?

To address these challenges, we will explore **Google Forms**, a versatile and widely used web tool that enables persons with visual impairment to create custom surveys, collect structured information, and review responses smoothly using screen readers. Building digital forms is a key skill that enhances productivity at study, home, and work.

The XRCVC is going to conduct a one-hour Tech Roshni Awareness workshop on **"Mastering Google Forms with NVDA."** In this workshop, we will explore how to build, edit, and manage Google Forms seamlessly with NVDA. The interested participants can register for this workshop by clicking the below Google form link on or before Thursday, 6 August 2026 by 6:00 PM.

<https://forms.gle/GSZSMLhZDF8FWczu9>

Workshop Date and Time: Saturday, 8 August 2026 – 4:30 PM India

Resource Persons: Tejas Karanje, Keshavan Nadar

Criteria: Participant must be a person with Blindness and Low-vision

The registered participants will receive the joining link on Friday, 7 August 2026. Then what are you waiting for? Hurry up and reserve your spot for this amazing and informative workshop!

Thanks,

Team XRCVC,
