Dear All,

St. Xavier's College, XRCVC -Viviana extension on popular demand is happy to announce an online workshop on the theme "Excel, Tricks of Trade!". under its Tech Roshni series – A step at bridging the digital divide for blind and low vision persons. This Workshop is supported by the SBI Foundation - Centre of Excellence (COE) forPWDs.

Microsoft Excel is a powerful application that stores a wide range of data in tabular format, making it easy to access and navigate. It organizes calculations and generates different types of reports in one click. In this process, the function and formulae play a dynamic role.

Excel is a very popular spreadsheet program used in educational institutions, offices, or homes all over the world. It is a product of Microsoft Corporation.

In this workshop, the basic techniques of using such frequently used functions and formulae will be considered practically with the help of Open-source screen reader NVDA.

Eligibility: Participants should have good knowledge of NVDA and Excel.

Limited seats are available for the session.

Those interested should kindly register by using the link appended below.
